

THE REBEL VOYAGE – YOUR WEDDING

Some things to think about...

If you've already chosen me as your wedding photographer, you've chosen me for a reason. Because my style matches yours and our personalities go together like peas and carrots and I owe you a huge thank you. If you've seen some specific shots that you love let me know, I want to provide you with fantastic memories that are completely 'you'. I will ask you a few weeks prior to your wedding to provide me with a list of formal photographs that you would like. Please try to keep this list to approx 10-12 photos. Gathering people for formal photos can be quite a task and not everyone wants to be posing for photos for too long. This is why I work from a list and aim to shoot these photos as quickly as I can so you can then all go off and enjoy your day. Your wedding photos last forever and they reflect you, so if you have any ideas of your own or any things you'd like to bring with you on the day please let me know. In the past I've seen all sorts of things, hats, funky superhero socks, awesome shoes and even DOGS! You get the picture. Anything that tells your story I want to be able to capture within your wedding photos. I do enjoy the silliness.....so feel free to share and go crazy....if you want that is.

SOME FAQ's

Will you travel for a wedding?

Yes, definitely. I'm happy to shoot within a 30 mile radius of my home town of Darwen at no extra cost. If you are further afield my travel expenses, airfare or fuel + 1 night accommodation (if necessary) will just be added to the price above.

Email me with your wedding destination for a personal quote.

Are you insured?

Hell yes. Fully insured

What is your photographic and editing style?

I use natural light where I can and have a unique perspective and documentary style approach to my photographs.

My editing style is dramatic and moody with dark, earthy, matte tones and a film-like feel.

What if you are ill on the day?

Don't worry I have a string of backup photographers all approved by myself and fully insured on standby should I become ill.

What if your backup up photographer has a different style to you? I chose you because I love your shots.

Not to worry, I choose photographers that blend with me and all the editing is done by myself in my signature style.

What if my wedding over-runs, will you stay?

Of course, your day is my priority. If I haven't captured something I want or need, I will stay.

Why do you have a second photographer?

My second photographer is there for a few reasons.....1. To capture all the little details that you are guaranteed to miss during the day. 2. So I can be 'in two places at once'. 3. For security and peace of mind for both myself and the bride and groom.

Do I need to provide you and your second photographer with a meal?

It's not a must but as we are there for a number of hours anything you can provide will be very much appreciated.

What time do you arrive and leave on the day?

I will arrive some time during the morning while the bride is getting ready. I usually leave just after the first dance.

What do I need to provide you with before the big day?

Please provide a list of formal photos you would like (10-12 max) with names and family relations and an itinerary for the day.
